

PICOFILM P-50 CLEAR IVC1

glossy 7422, 62 µm

Clear facestock film for the production of product and advertising labels in the A4 & cut size fields and interior decoration in a no label look.

P-50 clear IVC1 is a transparent 62 µm PET facestock film, with a gloss coating on the front side for the printing of variable information using water-based inkjet printers, with a topcoated reverse for improved anchorage of adhesive. End customers get a crystal-clear product with high colour brilliance and sharply contoured printouts.

Advantages

- High transparency
- No Label Look
- High colour brilliance
- Sharply contoured printouts

General tips

Aus Qualitätsgründen sollte PICOFILM original verpackt gelagert werden. Für Lagerung und Ausrüstung empfehlen wir ein Raumklima von 23±5°C und 50±10% rel. Feuchte.
