

 [simply the better solution](#)

Dear Sir or Madam,

The global spread of COVID-19 is presenting us all with major challenges. Both in our day-to-day and professional lives, we are having to deal with many restrictions including having any face-to-face contact with our customers.

Therefore, our [YouTube channel provides over 120 videos](#) in various languages to help you get to know our products and employees better. In our **tutorials**, we show how easy our products are to use. It's definitely worth taking a look!

Of course, even in these difficult times we aim to offer you **the best possible service**. Our Customer Service team and our Sales team are available to help our customers as usual.

Best wishes from Düren, Bern and Fiskeville

[Tutorial Canvas](#)

LUNA CANVAS PRIME SATIN AQ

Sihl offers lots of **high-quality canvas products** which look great thanks to their brilliant colour rendering and they are also splashproof. In addition, there is no white-scoring when processing the canvas. You can find out all about this for yourself in our tutorial: where we show how easy it is to frame Sihl canvases to wooden stretcher frames. For this you need a set of canvas pliers, a hammer and a stapler.

PREPASTED NON-WOVEN DESIGN2WALL FR 230

The non-woven **wallpaper Prepasted non-woven design2wall FR 230 (2515)** is scratchproof, dimensionally stable and has fire safety certification. It is also impressively easy to use as you can see in our tutorial: simply cut the panel to size, soak it in water for a short period of time whilst unravelling it, apply it directly to the wall and using a squeegee remove any air bubbles.

[DARK TEXTILE](#)

DARK TEXTILE TRANSFER PAPER 175

Designing textiles yourself is really easy and you can achieve this in next to no time with **Dark Textile Transfer Paper 175 (4232)** and **Light Textile Transfer Paper 140 (4234)** by Sihl. Simply print the design you wish to use onto the transfer paper and then transfer it to the fabric using an iron or a heat press. You can find detailed tutorials for all combinations of heat transfer with light and dark textiles on our YouTube channel.

 **WallGrafX**

WALLGRAF X PRIME 240 FR SATIN

The Sihl **WallGrafX Prime 240 FR Satin (3517)** is self-adhesive, can be repositioned, is dimensionally stable and features a fire safety certification. The polyester fabric is PVC-free, therefore making it environmentally friendly. As well as this, thanks to its dark reverse side it achieves an opacity of 99%. It sticks to both smooth and textured surfaces, can be stuck around edges and is therefore the perfect choice for your trade fair stands, furniture and advertising applications.

 **TriSolv Posterpapiere**

TRISOLV POSTER PAPER PRIME 135 GLOSSY

Our tutorial shows how easy it is to apply Sihl **TriSolv poster paper**: simply fold, soak, leave sealed in an airtight container and apply to the wall using poster adhesive. After drying the results look great thanks to the high opacity and excellent colour brilliance. In addition, our TriSolv poster papers are water repellent and thus suitable for both indoor and outdoor use.
